

Colorado Mask Mandate Lifted

Evergreen Dental Group is doing our part to follow all mandates, while trying to restore some normalcy to our lives. We understand this change in mask requirement is not easy or comfortable for many people. We appreciate everyone who enters the building comply with the new rules and be respectful during this transition.

- Fully vaccinated Patients & Employees **NOT** required to wear masks indoors.
- Unvaccinated patients & employees are encouraged to wear masks indoors.
- Ask an employee to wear a mask if you prefer.
- Let the greeter know if you'd like to wait outside or in your car before your appointment.
